I would observe here, that, inasmuch
as the line of Correction between
Towns 31.32 N, has been closed on an
old line, which is not the true State
line; In all probability a part of
the eastern tier of Sec in T 31 N.
R 15 E. remains unsurveyed, & perhaps
the error may extend farther south.

* It does not - the surveys being
closed on true line

In pursuance of a contract
with William Lytle late
Surveyor General of the U.
States, bearing date the 23^d
day of November 1830. I have
laid off and Surveyed the ex-
terior Township boundaries
in the State of Indiana
which are described in this
book; And I certify that
the foregoing are the true
and Original field Notes
of the Survey of the Said
lines as a part of the Said
Contract
